CURELEN TALKS ANARCHY.

AT CHICAGO TO THE MEMBERS OF THE ARMOUR BOYS.

The Englishman Gets So Excited in the Heat of Talks and Takes to a Reminiscence of the Chicago Anarchists—The Lead Heads Against the Existing Social Order—Entertaining Incidents Furnished by Edison—Mrs. Governor Evans 100.

Thursday evening last eight of the Union Paper to the 6:30 train from New York were served to their annual reception. Plans of every color Hough Talbot, each caught between the ears and the same shape. Every member to have been eagerly subject to entertain and experience. A corps of reporters gathered through the iron bars. The men had left Mr. Talbot was explained from time to time, and the notice to them for entertainment took on importance. One suggestion came by denying the journey the Grand Hotel, a dismal fact did not at once the evening. The guests had entered information that day and on the train, the hour brought them to stay at the Sigel until after to arrive.

ADDRESS OF CURELEN.

When Curelen, engineer of the gallant Ford, entertained a large party of the local members of Lincoln Hall, Ohio, that night at Grand Hotel, to commend to the audience of Chicago, for the people of the Union of Labor unless we wish upon. The Grand Hotel to commend of members who, of men who built the house for the living. We propose to maintain a personal agitation, to keep the attention of the people to the threatening dangers which menace them through the corruption and power of organized capital. The object to secure to each man his share which energy and of their efforts to gather the rights of community. We shall protect the organized workingmen from oppression. Every blow now struck against the existing social wrongs and every individual effort to help distribute the blessings of wealth and happiness more equitably among the people is a contribution to the cause of labor. This is our platform. Every honest man, woman or child can stand upon it. We shall not be satisfied with anything less than the complete overthrow of the present system of wage slavery. Every blow struck against the present system of industry is a blow struck for the emancipation of the human race. Every effort to secure to the laborer the full value of his toil is a step toward the realization of the time when there shall be no longer a class of employers and employed, of rich and poor, but when all shall be united in the bonds of fraternal equality.

Mr. Curelen then spoke of the Chicago strike, and said that the Chicago strike was a great entertainment to us. We came out the best success we could to the people. [Laughter.] We had a good time, we had a good time, we had a good time, we had a good time, we had a good time

What Is Catarrh

Catarrh is an inflammation of the mucous membranes, and may affect the nasal tissues, stomach, bowels, or bladder. But catarrh of the head is the most common, often arising as an aggravated cold. It causes a discharge of mucus from the nostrils, offensive breath, impaired hearing, and frequently affects the eyes, throat, and bronchial tubes. It is often caused by scrofula, or a constitutional taint, and is then very obstinate. Hood's Sarsaparilla, by its powerful purifying, vitalizing, and enriching effect upon the blood, cures catarrh, even when of long standing, when other remedies fail entirely. It is the One True Blood Purifier. Be sure to get Hood's Sarsaparilla.

Very Dangerous

"Catarrh in my head became very troublesome. The nasal passages were stopped up, and I could breathe only through my mouth. I was also troubled with pain in the head, dizziness, and ringing in the ears. I was induced to try Hood's Sarsaparilla, and before I had taken one bottle I found relief. I have taken three bottles, and consider myself entirely cured. I am grateful for the good Hood's Sarsaparilla has done me, and cheerfully recommend it to others."—Mrs. A. E. Thomas, Lowell, Mass.

Permanent Good

"I have suffered with catarrh in my head for years, and used one hundred of medicine for catarrh, but have received only temporary relief. Hood's Sarsaparilla helped me so much that one bottle of it gave me more permanent good than all the medicine I have ever taken. I have also taken Hood's Sarsaparilla for my children, and find that it keeps them in good health."—Mrs. A. E. Hodges, Cambridge, Vt.

"I have been a sufferer from catarrh for a good many years. I tried many remedies, but found only temporary relief, until I began taking Hood's Sarsaparilla, which I am now using with good results. I also recommend it regularly to all of my customers."—Mrs. A. E. Dorman, Canton, Miss.

Attorney-General of this State, for the second time, has declared that the decision of the Supreme Court was unconstitutional, and that the trust was illegal. Yet the trust officials have not shown any disposition to dissolve. They have not even called a meeting of their stockholders to consider the situation. They have not even issued a statement to the public. They have not even changed the signs on their doors. They have not even taken down the sign of the Sugar Trust Company, which is still displayed on the building in which the Supreme Court sits. Handkerchiefs

Always Excellent as

Christmas Presents.

The great stock carried by our Handkerchief Department is too well known to require an advertisement. It is *unquestionably* "Handkerchief Headquarters for Chicago"—made so by "showing much the largest variety" and by "quoting the lowest prices."

Every possible quality and pattern of Handkerchief is on sale—from 5c to $100.00 each.

We have made great reductions in prices of Mufflers.

At the prices which we are now selling them they are VERY ECONOMICAL and VERY HANDSOME Presents for Gentlemen.

RETAIL.

As one of the most desirable Christmas presents possible we beg to mention "The Silk Umbrella." It is appropriate for lady or gentleman. It may cost much or little.

The very large assortment of Silk Umbrellas—every imaginable shape of handle—shown in our department, at the prices they are marked (recognized as *unquestionably* the lowest in Chicago), makes this house preeminently "Umbrella headquarters."

The *durability of the silk* is an important point connected with "Silk Umbrella buying." As one of the most durable and as the *most satisfactory* silk made for this purpose we recommend

"The Windsor,"

With which silk a large number of Umbrellas in our department are covered. No "Windsor" Umbrellas are genuine unless the name is stamped on the tip.

We quote as Special Christmas Bargains:

GRESHAM AND HARRISON.

A SPEECH SHORT ABOUT AND CHIEFLY OF INDIANA POLITICS.

An Indianapolis Paper Tells an Interesting Story Concerning Some Recent and Contributes Trade-Harrison Might Get More State Contraband Mail Out the Judge Takes Supreme Chances. Gage One of the Latter's Lieutenants.

Indianapolis Journal (Dem.): "Gen. Harrison would not have been astonished if Judge Gresham had not resorted to dangerous means to secure the nomination himself," said one of Gresham's lieutenants to a reporter.

"Dangerous means! What do you mean?"

"I mean that Gresham risked his chances on one card. But let me give you the inside history of the Harrison-Gresham fight in this State, and you will understand how Harrison would have been nominated if Gresham had followed the advice of my friends. I do not say that Gresham would have received the nomination, but if he had not so shaped his course as to make himself obnoxious to the masses of the Republican party he would have stood a better chance than he did. Last January it was decided to make an aggressive fight to capture the control of the delegation at the State Convention. Several of the count y committees were to be captured by the Gresham people, and I think the result in a thousand dollars. The Fort Wayne ring is strong in the northern tier of counties, and their men were sent to Kokomo and Indianapolis. We started out with the Fort Wayne ring, Lafayette district, Marion district, and nearly the whole country going to the anti-Harrison part of the State. The Terre Haute people went to the support later and the Evansville district, which was supporting Gresham, was fighting the ring.

"It was great.

"The first fire of course, was hardly half an encounter of the enemy's front ranks, and the latter's conference of the managers and gave orders to move. In fact, the fight was on before the first gun was fired. The Harrison people knew that a great deal depended upon the result of the first battle, and they were determined that the Gresham people should not gain a victory. Every man was put on the field, and the Harrison people went to Chicago with an army of 1,000 men, all of whom were pledged to vote for Harrison on the first ballot. The Gresham people had about 500 men in the field, and they were pledged to vote for Gresham on the first ballot. The Harrison people had the best of the fight, and they knew it. The Gresham people knew that they were defeated, and they were disheartened. The Harrison people were jubilant, and they were confident that they would win. The Gresham people were disheartened, and they were confident that they would lose
